

# MAXIM SHEVCHENKO-TYMCHUK

Senior Product Designer (UI/UX)

Hamburg

## CURRENTLY

As a Product Designer I work on Hamburg's public transport apps (including hvv switch and hvv app). In parallel I act as Head of UI at Jakala Germany GmbH, supporting a team of 14 designers.

# EXPERIENCE

Senior Product Designer (B2C) / Head of UI

2023 – Present

Jakala Germany GmbH (Hamburg, Germany)

- Product design for hvv switch and hvv app, Hamburg’s main public transport and mobility products.
- Design user flows and interfaces for ticketing, trip planning, onboarding and account.
- Maintain and evolve the design system and collaborate closely with product, engineering and QA.
- Lead and mentor a UI team of ~13 designers, improve hiring, feedback and growth processes.

Senior UI/UX Designer (Enterprise)

2022 – 2023

WBS Training AG (Leipzig, Germany)

- Designed an internal ERP used to plan 6,000+ courses per year and support around 2,000 employees.
- Created flows, wireframes and high-fidelity UI for scheduling, resource management and reporting.
- Worked with product owners and internal users to refine requirements and streamline planning workflows.

Senior Product Designer (B2C / B2B / SaaS)

2021 – 2022

Andersen Labs (Odesa, Ukraine)

- Designed an Android app for a telehealth platform for patients aged 60+ and a web portal for doctors.
- Focused on accessibility (WCAG, clear navigation, simple flows) and medical workflows.

CEO / Design Lead (B2B / B2C / SaaS)

2019 – 2021

Nextpage Agency (Odesa, Ukraine)

- Led a 25-person team, increased project profitability by ~20% and delivered award-winning product designs.

Director of Product Design / Co-Founder (B2C)

2015 – 2018

Coliving Club (San Francisco)

- Co-founded a coliving product, defined product vision, booking and management flows for multiple locations.

# PORTFOLIO — PORTFOLIO

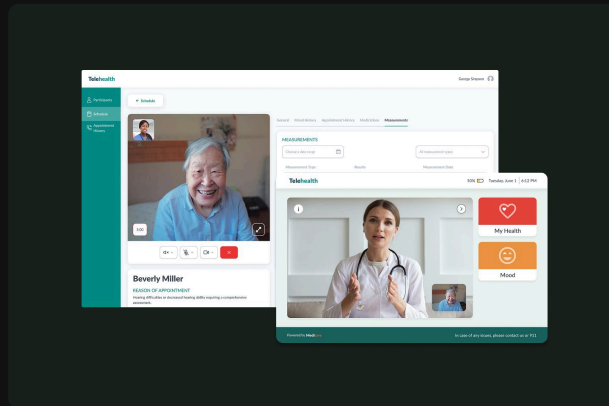

## ERP Application

Product Design

Education

At WBS Training AG, I worked on an ERP system supporting 6,000+ courses, 2,000 employees, and government partnerships.

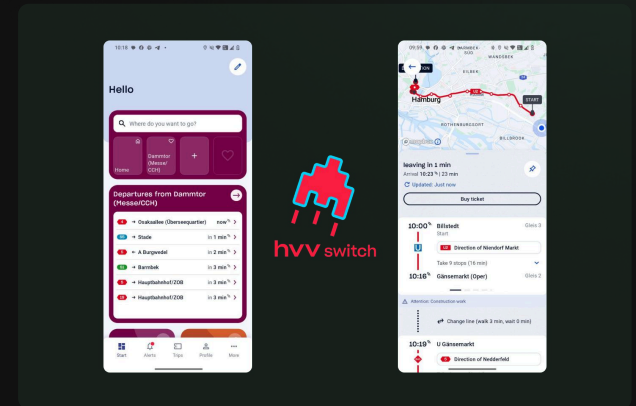

## Telemedicine Platform

Product Design

Healthcare

The challenge was to create a telemedicine platform tailored for elderly users, ensuring simplicity, trust, and ease of use.

## hvv switch App

Product Design

Public Transport

I design the public transport part of the hvv switch app for Hochbahn AG, including redesign and new features.
